

The Dream Bed for Dogs

Assembly Instructions

1
Attach legs, leg caps and corners to shorter frame lengths. Before attaching the last corner - slip frame into appropriate fabric pocket - attach final corner. Make sure lacing is on the same side as the legs.

2
Insert longer frame lengths through fabric pockets and insert into corners.

3
Attach assembled short length and bed is ready for lacing!

4
Lace as shown - tighten lacing between grommets to make sure bed is taut. Bed is complete! Adjust lacing if the bed ever becomes slack.

5
Cover with optional Dream Bed fleece. Fleece is machine washable and can be used indoors and out.

6
Completed Dream Bed - keeps your dog off hot or cold surfaces and stores conveniently under your bed.

Do not glue the parts together.

Cleaning is easy: Use dish soap and a wet sponge and rinse off thoroughly with a hose.
